South Island Division of Family Practice's

Virtual PCN Learning Session

Clinical Pharmacy in Primary Care: Practical Insights for Team-Based Care

Learn how clinical pharmacists can support patients, providers and clinic teams in primary care.

Who is this session for:

- Clinics and providers who have not worked with a clinical pharmacist and want practical guidance on how this role can benefit their patients and practices.
- Providers who have worked with a clinical pharmacist, but would like to learn from peers how to improve intergration and utilization.

You'll come away with:

- A clear understanding of the differences between community pharmacists and clinical pharmacists.
- The types of patient needs you can refer to a clinical pharmacist.
- Innovative ways providers in the region have been using pharmacy in primary care settings.
- How to better integrate pharmacists into your workflows and patient panels.
- How to get the most out of working with a pharmacist.
- A recording of the event posted to the Division website following the session. The session will be presented live with an opportunity for Q&A.

Agenda:

12:10pm – Welcome
12:15pm - 12:30pm – Presentation by Jesse Inkster, Island Health's Pharmacy Clinical Coordinator for South Island Community Hospitals, Primary Care and Indigenous Care
12:30pm – 12:50pm – Fireside chat/panel discussion with Jesse Inkster, Dr. Irfan Ramani, NP Janelle Bellerive, and clinical pharmacists Leah Ferreira and Karen Ryan
